TOP NOTCH WORKMANSHIP  
HIGH-TECH MANUFACTURING  
100% FILIPINO

# BRAND STORY

---

“

Cutting Edge Storage Solutions is your no fuss partner when it comes to durable, reliable and affordable storage furniture.

Like its first best seller, the Cutting Edge Storage Solutions Multi-purpose Storage Rack, every product is engineered with utmost durability with craftsmanship. Why? Because we think every Filipino Family deserves well-built and reliable furniture that don't break the bank.

Cutting Edge Storage Solutions' ever expanding line up hopes to address the Filipino family's plight against clutter, hoard and kalat. We help create kalat-busting solutions to help you organize everything, up from your bedroom up to your garage.

Our goal is to be your first thought when you think of organizing your homes. And it is because of this that we continue to build products with our winning ingredients so you can worry less about achieving a kalat-free home.

”

# THE COMPANY

---

In 1989, Rosa Go Tieng, founded RTG Sheet Metal Works. Primarily, the initial customers of the company are the neighboring construction and transportation industries, and their community in Tramo, Pasay.

Starting with only 3 employees – a welder, Auntie Rosa herself, and a secretary – the business was able to thrive in the competitive market despite its initial lack of advanced technology and machinery.

In the 30 years that followed since the company was founded, RTG Metal Works grew to be one of the major players in sheet metal processing in the Philippines, eventually adopting a new name – the MD Gruppe of Companies. Melvin Dy, the head of the MD Gruppe, not only aims to provide excellent services locally but also aspires to showcase Filipino creations and ingenuity to the Global Market – trademarked by fine detailing, and remarkable functionality.

Our products span across several industries; from home to office, from ornamental to functional. Some best sellers include the planter boxes, garden ornaments, storage racks and bins, cabinets, gates, fences, facades, dividers, beds, and windows.

Our products find its place in the middle of functionality and style. Products are built with the customers in mind, creating a perfect mix of reliability, durability and value. We don't only build out of necessity, we also add value to the lives of our customers.

We are a notch above the standard, and we want to take that higher.
